

SISKIYOU HABITAT FOR HUMANITY

Appreciates your donation of items to support our programs

Your generous donations of home improvement materials and other goods helps us build homes where local families can raise their children and plan for a brighter future.

Sales proceeds from our Store are used to offset the administrative costs associated with our work and help us stretch our construction dollars.

We gladly accept most items that you would install in or furnish your own home. All must be in good working condition and cannot contain hazardous materials or evidence of rat droppings or pet urine or feces.

Please call ahead to make an appointment to drop off your donation as we have limited staff. 530-938-2612
