What is Habitat for Humanity?

Habitat for Humanity International, funded in 1976 as a nonprofit, ecumenical Christian housing ministry that seeks to eliminate poverty housing and homelessness from the world and to make decent shelter a matter of conscience and action. Through volunteer labor, management expertise, and donations of money, materials and land, Habitat builds homes with the help of the homeowners. The homes are then **sold** to the partner families at a no-profit, interest free mortgage. Siskiyou Habitat for Humanity, the local affiliate that concentrates its efforts in Siskiyou County was founded in 1988.

How big is Habitat for Humanity?

There are approximately 2100 Habitat affiliates operating in every state and in 100 countries. These affiliates have completed more than 500,000 homes worldwide and has served approximately 2.5 million people. Siskiyou Habitat has completed more than 40 homes and has served over 175 people.

How does it work?

A volunteer board of directors meets monthly to determine policy and monitor operations; an executive director manages daily operations. Volunteer committees work in several areas; family selection, family advocacy, publicity, finance/legal, fund-raising, church relations and construction.

Where does the money come from?

We try to raise most of the fund from right here in our community. Our funds come from individuals, church communities, businesses, civic organizations, and fund-raising events. We also look to grant-making sources outside the community. We make use of government funds as well, provided there are no conditions attached that would violate Habitats Christian principles.

How are partner families selected?

Families in need of decent shelter apply to local Habitat affiliates. The affiliate's family selection committee chooses homeowners based on their level of need, their willingness to become partners in the program and their ability to repay the loan. Every affiliate follows a nondiscriminatory policy of family selection. Neither race nor religion is a factor in choosing the families who receive Habitat houses. We follow the guidelines set forth in the Fair Housing Act and the Equal Credit Opportunity Act.

What is required of a partner family?

Habitat is not a giveaway program but a joint venture in which those who benefit from the housing ministry are involved in the work. Family members 18 and older are required to invest 250 hours of "sweat equity" in the construction of their home. Together, we build simple, decent affordable homes.

What does a Habitat house cost for a partner family?

We sell the home for what it cost to build, including a valuation for donated materials. Donated professional services are not included in the cost figure. Our typical 3-bedroom house costs approximately \$75,000, and appraise for approximately \$130,000.

How can I help?

Get involved!! You could:

- Join a committee
- Serve on the board
- Perform construction work
- Donate to or work at the office
- Spread the word about Habitat
- Make a tax-deductible contribution of money, land or building materials
- Request a Habitat representative to speak to your group, church or business

Mission

Siskiyou Habitat for Humanity is an affiliate of Habitat for Humanity International, a nonprofit, ecumenical Christian housing ministry. We aim to eradicate substandard housing in Siskiyou County by partnering with families in need of repair or build simple, decent, affordable homes.

Board Member Job Description
